The Minutes of the last monthly meeting and of the intervening Special Meeting were read and confirmed.

The Petitioner of Associate ceilings the Atlantic AV

The Petition of Associate ceilings the Atlantic AV, for being proposed to the last meeting, Read and confirmed as a public convenience, had been granted by Council and to their mind was in harmony with the wishes of the inhabitants of Clandeboye. The Petition was then introduced, the Mayor called upon W. H. Reay to explain to the Council the reasons which led to the petition. The Hon. 

W. H. Reay, Esq. for the Petitioners made representations and a general discussion ensued which resulted in the following Resolution being unanimously

Carried. Moved by Councillor Adamson seconded by Councillor Macfarlane "that the petition of Associate ceilings the Atlantic AV, be passed. To Grant from the Associate ceilings the Atlantic AV, to the petitioners a public ceiling from the front of Clandeboye AV, to the rear of the hill and from across the property of the Clandeboye Co., and to grant the petitioners a ceiling from the rear of the desired change." Carried.
Councils: Mr. Chadburn reported that he and Mr. Godfrey had visited Allcorn Street and a View was taken of the area as to the setting up of the street. The Council agreed to proceed with the opening of the street.

A petition was read from Mr. James Eyre, preferring to resume the old Ed of opening Allcorn Street. The satisfaction of the Council preceded the petition. The Railway Company was asked for a lease of the property at the intersection of the Railway Company.

The Petition was read and a formal discussion ensued, but action was deferred.

A letter of date 13th August was read from Edward Perry complaining of the State of the Sidewalk in front of 855 Brandon Street. Referred to Road Committee.

A letter was read from Mr. Volunteer of date 26 July 88 complaining of the state of a large
map of the Municipality property situated in the
corner of Market Street. The action taken as he has already
in the hands of Council of Information.

A petition of about 700 has been made from the
Club&很正常... 4 asking to have
the laneway plan changed as a consequence
to plan accompanying the petition. As the
plan submitted has been very full action was
defayed. The Secretary was instructed the
petition. From the information to more complete
plan.

Councilor Bulwer stated that Complaint had been
made that the Broadway of the road near the Bridge
on Western Avenue obstructed and interfered with
the avenue. He then Committee was instructed to
cause of complaint.

The Broadway near the Bridge on Western
Avenue was in a very dangerous condition and
the Secretary was instructed these notice posted
of or the Bridge notifying the public to be attended
also to notify the Western Avenue Real Estate
Request that Company to put the Bridge in good
and satisfactory condition.

R. Browing.
The Secretary read a letter of date 17 July from the
Secretary of the Real Estate of the City of Hamilton.
A letter of 18th Aug. 1840 from C.C.W. addressed to Councillor Mackean was read. A petition from the Teachers of the School of the City and Suburbs. 1842 had been read. The petition was from the Teachers of the School of the City and Suburbs. They desired to have the necessary right of way across the property. The petition was presented by Councillor Mackean.

The annual Monthly Meeting of the Municipal Council of the Village of Gage Point, Ontario was held at the Council Chambers, Gage Point, Ontario on Monday, January 25, 1895 at 8 o'clock afternoon.

The Mayor, Thomas O. White, and the Council, including J. A. Macmillan, N. Macmillan, and W. Macmillan, were present. The minutes of the last meeting were read and accepted.

A motion was made that the Committee on the future of the electric light be continued.

The Committee on the electric light had been asked to consider the possibility of entering into a contract with the City of Gage Point for the supply of electric light to the Municipality. It was agreed that the contract should be let in accordance with the City Committee's instruction to the Mayor to conclude the contract on the best terms possible, and that if the contract was not in order, the Mayor should instruct the Committee to make the terms more flexible instead of strict.

The committee was instructed to communicate with the City Committee of the City of Montreal, and to the Chief of the Montreal Street Railway.

The usual monthly Meeting of the Municipal Council of the Village of
Côte St Antoiné was held at the Council
Chamber Côte St Antoiné on Monday evening
the 3 December 1888 at 8 o'clock

Present

The Mayor, J. P. Paton Esq, and Councillors
Willard, Mr. W. Macfarlane & Bubner
constituting a quorum of said Council
under the presidency of the Mayor

The Minutes of the previous meeting
were read and on motion confirmed

Death of Councillor

Before proceeding to the regular business
of the evening Councillor Macfarlane referred
to the serious loss the Council and
the Municipality in general has sust-ained in the sudden death of Councillor
Greenhill, and on motion the following resolution

Resolved That this Council desire to place
on record their appreciation of the great
loss that this Municipality has sustained
by the accidental death of the late
Councillor Greenhill, the prominent
position which that gentleman occupied
in Côte St Antoiné, the high esteem while
his special and business qualities secured
for him in our midst, the great ad-
vantage of his services to the Municipality
while a member of the Council attended
to make his death felt as a public
loss to Côte St Antoiné, and we feel
that no resolution can adequately express this sentiment— which is shared by every member of our community.

A copy of this resolution has been sent to his family and to the Press.

Death of Councillor

Coun. Ward sincerely regretted the necessity of accordmg the resolution but did so in fitting form. while the Mayor and Councillors P. C. Hutchinson also bore testimony to the loss which they had personally as well as officially sustained in the death of their comrade.

The Boulevard

The Boulevard Committee reported progress and was continued.

Western Avenue

The Secretary read the opinion of Mr. Solicitor Dunlop in reference to the question as to whether the Corporation could legally assume Western Avenue and the rights of the Corporation in said Avenue.

His opinion was to the effect that the Corporation could not assume Western Avenue excepting by purchase, that it is covered by Chap. 10 of the Consolidated Statutes of Lower Canada, and that the Corporation has no right to the Avenue as the Council originally consented to the construction of the road by the Coté St. Antoine Road Co. If the road were kept in a dangerous condition the course to follow would be to indict the Company before the General Session of the Peace where it would become a question as to whether the road were in a dangerous condition or not.
On motion by A. C. Hutchison the secretary was instructed to notify the City of St. Antoine Road Co. that the bridge must be kept in good repair so the corporation would take the necessary steps to meet the company as suggested by the trustee.

The secretary read the contract and agreement between the Corporation and Messrs. Craig & Co., which had been entered into for the lighting of a portion of the Municipality by Electric lights when it was moved by Councillor Bagg to direct that this Council do hereby ratify and confirm the contract made between Mr. Henry H. Bagg and Mr. Hazen of a contract of November 21st, 1888 between this Corporation and Messrs. Craig & Co. for electric lighting.

The committee appointed to interview the City of Montreal regarding the lighting of the Mission and of 33rd. St., reported progress.

The committee appointed to negotiate with St. Henri & knitting mill and the City of Montreal re drainage reported progress and was continued.

Mr. W. C. Hutchison, on behalf of the committee for procuring plans for drainage, and Mrs. Baxter stated that they would probably have something definite to report at the next meeting of the Council.
The Secretary read Mr. O'Connell's opinion as to whether the ruins and other ecclesiastical properties are liable for special assessments that may be necessary in the construction of drains and whether any further legislation is necessary to give the corporation a legal recourse against such properties. It was to the effect that under present legislation the whole question was in obscurity and doubt and although he was of opinion that under the present exemption clauses of the Municipal Code, the corporation could still levy special assessments for improvements such as drains, yet contrary opinions had been expressed by judges of the Superior Court. He moreover thought there was a case now in the Court of Appeals in which he was counsel he thought it not unlikely that the judgment in this case would throw some light on the question, but that in the meantime it would be hazardous to construct drains on the faith of being able to enforce payment against ecclesiastical and educational properties. He advised further that if possible legislation be obtained settling the question forever and which legislation should declare in broad terms that all properties benefitted by special improvements should bear their proportion of the necessary cost. A discussion then ensued as to the probability of being able to obtain such legislation while Hon. Ward stated that he was of opinion there
was a better chance now for obtaining such legislation than almost at any previous time as the composition of the upper house was sufficiently liberal to see the justice of the application. It was then moved by Hon. T. B. Wheaton secy. of Hon. Macfarlane, that the solicitor give the necessary notice of application to Parliament on behalf of the Municipality for powers to assess all properties in the Municipality for drainage.

It was moved by Hon. Macfarlane secy. of Hon. Buildes, that the solicitor be and is hereby authorized to insert in the Bill which this Corporation is to bring before the legislature a clause authorizing this Corporation to recover the part of St Lorne St which formerly belonged to this Municipality, bounded by Atlantic Ave., St. Antoine St., Dorchester St., and the city limits. Carried.

Mr. Jackson Rae was then permitted to address the council and urged to have the homologated line of that part of Western Ave. which runs across his property either changed or entirely erased from the plan. A long discussion ensued, but definite action was deferred.

The Secretary read a letter of date the 28th November from Messrs. Beiholme, Laplos & Dickson on behalf of Mr. W. M. Ker, notifying the council that the Atlantic & Railway Company
3 Dec 1888

had completely destroyed all access to his property on Hallowell St by excavating and carrying away the earth below the Railway to a depth of about 12 ft. of sharp or perpendicular descent. He therefore protested against the Council for suffering such a state of affairs to exist and requested the Corporation to compel the Railway without delay to make a subway under their track. Mr. Kerr who was also present addressed the Council in regard to the matter, when it was moved by C. P. Hutchison

and agreed that the matter be referred to the Solicitor for his opinion as to the rights of the Kerrs on Hallowell St and what steps are necessary to be taken for the street to be graded and a subway made below the track.

ordinary annual Municipal Land.

Mr. Dunlop stated that the proposition had been taken into consideration by the Council and referred to their Solicitor with whom he expected to have an early interview for further discussion. He also stated that the proposition had been made by him unofficially, but he believed it to be reasonable and asked the Council to approve the same.

Compromise approved.

After discussion it was moved by Cmn. Palmer seconded by Cmn. Hutchinson and receiv'd that the terms of compromise proposed by Mr. Dunlop to the City Council, had come forth in his letter of the 17th inst., to end the same as has been approved by the Council, and Mr. Dunlop is authorized hereby to complete the settlement upon the terms proposed. That in the event of the settlement being affected the clauses in the Bill at present before the House effecting the City Council be withdrawn.

The Secretary Treasurer was requested to suggest to Mr. Dunlop that the property to be exempted from taxation should be fully described and that the said property should only be exempt so long as used for ecclesiastical purpose.

Amendments.

On motion by Cmn. Hutchinson read by Cmn. Hard, it was resolved that the following amendment be introduced if possible into the Bill now before the Legislature in the interest of this Municipality.

A Petition withdrawn

C. W. Hutchison reported that Dr. J. G. Brittain
wished to withdraw his offer to prepare plans and
pursue for the drainage as he found it would not
be possible for him to undertake the work.

A Petition was presented from Mr. Jackson, for
acquiring a property fronting on that section of the continuation
of St. Luke Street, extending eastward from Giume Ave.
to Wood Avenue as laid down on the plan of the
Municipality, praying the Council to pass a motion ordering
the filing of the said section of the continuation of St. Luke Street from Giume Ave. eastward to Wood Ave. according to the homologated plan of
the Municipality and to pass a resolution declaring
the said improvement to be more than a local improvement
and to make such other orders or orders as may be necessary.

Petition granted

In motion by C. W. Macfarlane and by C. W. Rubner
it was resolved

That the petition of Mr. Jackson for asking the
Council to pass a resolution ordering the filing of
that section of the continuation of St. Luke St. from Giume Ave. eastward to Wood Ave. and to
pass a resolution declaring the said improvement
to be more than a local improvement and to lay
a special assessment to pay for the same on the
lands of said petitioners and also on the
lands of such others as may be declared interested.
On motion by Councillor Macfarlane and by Councillor Wade, it was resolved
that the opening of that section of the continuation of the lake at extending eastward from the
lake to yard lot as laid down on the plan of the
Municipality prepared under the authority of
Act No. 29, 1879, and duly verified and
homologated by the Supreme Court of the
Province of June 1879, is more than a local im-
provement and that the proportional part of the
costs therof shall be borne and paid for by the
proponents of properties interested in and benefi-
ted by such improvements other than the pro-
perties bearing on the said section of the
yard lot.

Mr. K. Rutherford, appointed Commissioner,

On motion by Councillor Hutchinson and by Councillor Hutchinson, it was resolved
that inasmuch as a petition has been presen-
ted and granted asking the council to set that
section of the continuation of the lake at extend-
ing eastward from the lake to yard lot as laid down on the homologated plan of the
Municipality, and to levy a special assessment to

improvement is declared to be more than a—
July 1889

Local improvement and a professional part of the costs thereof should be borne and paid for by the proprietors of property fronting on the said street.

That Mrs. William Rutherford, Manufacture of 25th St. Antoine 1st and hourly appointed a commissioner on behalf of the Municipality to act with the other commissioners to be appointed as by law provided to decide and determine who are the parties interested in and benefited by and to be specially assessed for the purpose of the proposed improvements petitioned for and to decide on what proportion the costs of the said improvements shall be distributed over such area of territory and time of the property thereof and further that the said William Rutherford be and hereby is appointed to represent this council as arbitrator in and arbitration which may be necessary to determine the price to be paid to the proprietors for any portion of the lands to be acquired or appropriated for the purposes of the opening of the said section of the said street.

Re Chinatown

A communication of date the 30th was submitted from Mr. Nelson Ballingam enclosing a map which he had prepared of this lot north showing the portion of the street at present in existence, and the portion projected or not existing on the ground.

Not Recorded

After discussion it was decided that the street was not in a position at present to be needed, but that the Corporation Council notified Mr. Chese of what had been done and that the council would be prepared to receive any petition or other representations from the property holders concerned with a view to the opening of the said street in the usual way.
The Secretary treasurer submitted to the council a plan of the proposed widening of Lots 434 Antoine Road from Grace Avenue to Churchill Avenue prepared by Mr. Joseph Ruelle, P. T., and also a description of the land to be taken from each proprietor adjoining said land, for the purpose of the proposed widening.

Moved by Curr. MacFarlane and by Curr. Bank and seconded.

That whereas on the 4th June 1888 a petition signed by J. D. Bank et al. running more than one half of the property fronting the late said Antoine Road between Grace Avenue and Churchill Avenue was presented to the council asking the council to alter the homologated lines of said late Antoine Road between the said Grace Avenue and Churchill Avenue and to homologate the said portion of the said late Antoine Road as it is from thence according to a plan made by Joseph Ruelle, C.E., P.T., of date the 22nd February 1887.

And whereas the council on the 4th June 1888 by resolution agreed to grant the prayer of the said petition and instructed the secretary treasurer to have prepared a true description of the land required for the purpose of running the proposed new line.

And whereas such a description and map have been prepared by Mr. Joseph Ruelle, P. T., dated 5th January 1889 and is now submitted to this council.

And whereas it appears from the said description and plan that in making the said alteration of the homologated lines of the said portion of the said late Antoine Road the land required for the
said purpose is more particularly described as

therefore resolved,

That the Council hereby approves the pro-
posed alteration of the lines of the said section of
the said Road, and the said amalgamated line
of the said section of the said Côte-St-Antoine
Road, from Georges Avenue to Churchill Avenue.
are hereby changed in the manner and ac-

And that the solicitor be and hereby is
authorized to obtain a judgment of the Court
conforming the said alteration.

The Secretary read a letter of date the 11 March

from the Clerk of the Provincial Board of Health call-

ing the attention of the Local Board of Health of the

Corporation to the fact that slaughter houses in that

Municipality are not kept in such sanitary condition

as to be altogether without danger to the health of the

community and calling on the Board to take such

steps as will put a stop to the present state of affairs.

The Secretary was ordered to reply to the

Provincial Board of Health to the effect that they

were in slaughter houses in this Municipality they

could see no cause for the letter in question.

In Damage Commi-

The Secretary informed that the Doctor of St. K helps

had called with Mr. James the Engineer of St. K and

stated that the St. K. Council had appointed

Mr. James to interview the Committee of the Council

having charge of the negotiations with St. K and to

refer to the St. K. Council the result of his

investigations when they would reply to the application of the Corporation for damage

In connection.

The Secretary also stated that in consequence

of this he had called the Committee together to meet

Mr. James at the office of the Corporation that day.

Rev. Bulmer then reported that he and the

Municipal had met Mr. James and had shown him

according to the plan of the St. K. House what
11 March 1889

Portion of the corporation would drain into the St. Tiber, and what portion would connect with the city, and that Mr. Keane had promised to report to his council immediately, and expected to have a definite offer within a few days.

A general discussion then ensued on the whole question of drainage resulting in the following resolution:

Resolved by J. Low.read and by Mr. Reamer.

That the Secretary be and is hereby instructed to write Messrs. Joseph Steele & John Thomas, consulting engineers, Messrs. Howard & Co., consulting engineers, to get them a price for the following work:

1. Price in a lump sum for preparing a complete plan of the drainage of the Municipality showing the principal portions that will have to be drained into the interesting [sic] works of the City at Alberts Avenue and into the swamps of St. Pierre, together with longitudinal sections showing levels of main drains and levels of smaller drains below the level of the street to be figured on the plan and the plan also to show the portion of manholes, gullies, etc., and the original plan at a complete copy, estimate giving the same to remain the property of the Corporation with a general supervision.

2. Price on a lump sum of the said work in proportion for preparing sketches, plans, and estimates for the main drainage to Alberts Avenue and St. Pierre, subject however of salaries of inspectors to be appointed by the Corporation.
March 11, 1889

The usual monthly meeting of the Municipal Council of the Village of Cité St. Antoine was held at the Council Chamber, Cité St. Antoine, on Monday evening the 1st April 1889, at 8 o'clock.

Present

The Mayor, Mr. F. P. Bonn & Co. and Councillors Rudge, Mr. Hutchins, Ward, Hutchison, and Macpherson, constituting a quorum of said Council under the presidency of the Mayor.

Minutes

The minutes of the last monthly meeting of the 4th March were read and on motion confirmed.

Mr. Catharine Doyle

No. 2 Account

The Secretary read a letter of date the 27th March from Mr. John Rafter resigning his position as Commissioner on behalf of this Company to determine who are the parties interested in the widening of St. Catharine St. from Clarke Avenue to Rutherford St. and while resignation was made on the ground that since his appointment he had become a proprietor on that road and consequently an interested party. Mr. Rafter's resignation was accepted.

Mr. Rutherford stated that it was then moved by Mr. F. P. Bonn and seconded by Mr. Hutchison and seconded that Mr. R. Rutherford of Cité St. Antoine be and hereby be appointed a Commissioner on behalf of the Municipality to act with the other Commissioners to be appointed as by law provided to determine who are the parties interested in and benefited by and to be especially charged for the purpose of the proposed improvements petitioned for in the matter of widening St. Catharine St. from Clarke Avenue to Rutherford and to decide in what proportion the costs...
of the said improvements shall be distributed over such area of territory and bome to the proprietors thereof and further to determine what shall be paid to the respective proprietors of property which property it will be necessary to acquire for the proposed improvements.

Carried.

The Secretary then read a letter of date the 6th March from Mr. Dunlop regarding the settlement with the Dees House in which he stated that the property was purchased for ordinary occupation according to the arrangements with the Rev. Leslie Read, viz., lot No. 298 and that part of lot No. 277 lying between Dees Avenue and Victoria Avenue. This arrangement as made by Mr. Dunlop was then accepted.

Mr. Laing, Estate of Boulevard

Mr. W. F. Machford and Mr. McHargue, for the Estate of McHargue, were then allowed to address the meeting with a view to inducing the Council to change the homologated plan in regard to the Boulevard which runs across the property of the McHargue Estate, but as Mr. Machford could not show any reason why the homologated plan should be changed no action was taken in the matter.

The Fire Engine Committee reported as follows: The Committee appointed to urge friends with the late St. Austell Water Company to come upon which the Corporation should acquire the stock, plant etc. of the said company, have to report that on the 16th ult. they attended a meeting of the late St. Austell Water Company and had a general discussion...
regarding the matter in question but as your Committee had not possession the power to make a specific offer for the property nothing definite was accomplished. Your Committee would recommend however that the Corporation make a definite offer in writing for the purchase of the whole stock, plant etc of the Company believing that if the offer is a fair one it will be favorably entertained by the Company.

A general discussion then ensued when it was moved by Mr. Palmer and seconded by Mr. Ward resolved that the Committee whose report has just been presented on acquisition of Water Company's property is hereby instructed to continue their negotiations with the said Water Company and to make said Company a definite offer on the following terms:

The Corporation to pay to the said Company the actual amount of money to amount prescribed to said Company in their plant $e with the premium added on an average rate of the capital of the said Company and the said Company to transfer to the Corporation all their rights and interest in and to the assets and plant of the said Company.

Mr. D. Rutherford addressed the meeting and urged that a general scheme of Water Supply for the whole Municipality be adopted.

The Mayor called attention to the helpless condition of the Municipality in case of fire and suggested that the Corporation purchase a few Reenact Fire Extinguishers and distribute them throughout the Municipality.

A general discussion ensued and in view of the pending negotiations for water supply the matter was laid over for the present.

Re Plan of Municipality

Coun. W. E. Mutchmore reported that Mr. Ford who had been devoting some time to preparing a plan of the Municipality on a large scale found that there were so many discrepancies between the Consolidated Official Plan of the Municipality and the present plan of subdivisions of different property that he had not given the matter up.

On the suggestion of Coun. Ford, Coun. W. E. Mutchmore promised to look into the matter and report as to the difficulties at the next meeting.

Communication from James Smith re: Watering Cart and Lumber

The Secretary read a letter from James Smith, Road Master of date the 8th April calling the attention of the Council to the need of a new watering cart. The old one being unsuitable, and also stated that lumber would be required for the current season for sidewalks and other work where it should obtain same.

Re Watering Cart

The Secretary was instructed to write to Mr. George and find out what are the terms renewing carts belonging to the City of Montreal were made. To furnish this information to the Road Committee and on motion by Coun. Mutchmore read by law. Desmond—The Road Committee were then authorized to purchase an iron watering cart for this Municipality.

The regular monthly meeting of the Municipal Council of the village of Wauhi was held at the Council Chambers on 6 May 1889 at 8 o'clock.

Present

The Mayor, the Rev. Peter Boy and Councillors Ward, MacFarlane, Hutchison, Hutchinson, and Rumbles constituting a quorum of said Council under the presidency of the Mayor.

The minutes of the last regular and two special meetings were read and on motion confirmed.

It was moved by Councillor MacFarlane and seconded by Councillor Rumbles and adopted that whereas By-Law No. 43 concerning the widening and the pipe-laying of the street of St. Catherine St. East was passed and ordered to be promulgated at a special meeting held on the 14th April and whereas owing to the length of the said By-Law it was found impossible to promulgate said By-Law within the fifteen days after the passing thereof therefore this Council hereby resolve that said By-Law be now promulgated.

It was then moved by Councillor I. D. Aitkenhead and seconded by Councillor Hutchinson and adopted that the names of Messrs. I. D. Aitkenhead and Henry Hutchinson to be submitted to the Court together with the name already mentioned as being fit and proper persons for the position of third Commissioner in carrying out the improvements under By-Law No. 43 re St. Catherine St. West and By-Law No. 44 re St. Luke St. Carried.
It was then suggested by Councillor Butcher that in order to save delay the Secretary might by letter inform the petitioners on the matter of the St. Catherine & West extension to hold a meeting at the school house on Monday evening the 1st inst for the purpose of appointing their Commissioners in the matter of carrying out the improvements under said By-Law.

Protest from McLean Estate re Boulevard

The Secretary then read a protest of date the 1st April 1899 made by Charles Cushing Esq. Resident Public at the request of the trustees of the Estate of the late Geo. McLean requiring the Corporation to proceed within one month to appropriate the property necessary to close the Boulevard which according to the homologated plan runs through the property of the said McLean Estate and that in default of which an action at law will be instituted against this Corporation with a view to have said Boulevard closed from the homologated plan.

After a discussion the protest was referred to the Critics.

Re: Request for Cote St. Antoine Toll Company. Report

The Secretary then read a letter from the chairman of the Cote St. Antoine Toll Company stating that the letter of the Council had been read before a meeting of the directors of the Company and that the Officers had passed a resolution to the effect that they were prepared to recommence the acceptance of the Municipal proposition by the Shareholders when the Municipal
In a position to carry out its office.

A general discussion ensued regarding this matter under the Mayor and Councillor Temper, and then being present a large number of ratepayers of the Municipality who were interested in this question the Mayor invited them to offer any remarks or suggestions in reference to the question of water supply for the Village.

Mr. Alec Chambers then advocated the plan of toting the water on the mountain believing that it would result successfully and in support of same he stated that he had been on his property, the result of which was he could pump fifteen thousand gallons of water every twenty-five hours, and with this result he believed the Council would be justified in appropriating a sum of money for the experiment.

Messrs. Gable, Cott and Magee also addressed the meeting after which the following resolution was carried:

**Resolved** by Councillor Pumphrey and by Councillor McKee and seconded,

That a Committee of the whole Council be formed for the purpose of meeting the Council and advising with them as to the proper course to adopt to acquire and pay for the property of the City and District Water Company.

The Secretary then read a memorandum from Mr. T. A. Trent, Engineer, Chief of St. Rural, of a synopsis of the terms recommended by him to the Council of St. Rural upon which he would advise drainage connection with the Municipality and which terms were as follows:

1. An indemnity of $4,000.00 payable to the Town of St. Rural, and which would represent a drainage royalty of $4.00 per acre for the
329 acres superficial area, which would drain into the St Annes drains.

2. The obligation of this Municipality to contribute one half of the cost of construction of the lines on St Kilda between Hallendale St and Albatross Avenue, the total length being five hundred and ninety one yards and two thirds and the total estimated cost being $2,347.50 plus $2216.40 for one half. The construction of this lines to be entirely under the control of the Town of St Kilda and the subsequent maintenance to be borne equally by both Municipalities.

3. A similar obligation from this Municipality to contribute to the extent of one half to the cost of all lines which may be ultimately built on the streets which form the limits of both Municipalities and constitute the half to their maintenance.

4. The obligation of this Municipality to pay on these lines to three of St Kilda, where projected on the general plan at its own cost, also to build the portion of lines required to such which will have to pass on the territory of the Town of St Kilda, such as existence at the one on Hallendale St between the limits and St Antone St. and in all such similar places.

5. This Municipality to make its junctions according to preliminary plans approved of by the Engineer in Chief of the Town of St Kilda, such said junctions to be made at the cost of the Municipality of Colc St Antone.

This memorandum was then taken up clause by clause and the following
suggestions made in regard to them, viz,

The first clause to read that the indemnity
shall be at the rate of $10.00 per acre for the
exact number of acres drained into the St. Henri drain.
The second clause to be modified by the ad-
dition of an obligation on the part of St. Henri to
keep the drains there mentioned in good order.
The third clause to be extended to additional
satisfaction that each Municipality should have
the right of giving the other twelve months' time
that each and such drains will be required to
exist forming the limits of the two Municipalities
and that such notice shall be binding on the
two Municipalities to pay their half for the con-
struction of such works, and that the Town of
St. Henri shall find itself to keep all such drains
in perfect order.

The fourth clause was also modified to include
an obligation on the part of the Town of St. Henri
that while this Corporation holds lands in the
territory of St. Henri to join the drains of St. Henri
according to their plans the half of the cost of such
connecting sewer shall be paid by St. Henri to this
Corporation within six months after perfected planting
on such connecting drains shall be built upon.

The fifth clause passed without change.
It was then agreed that the Secretary should write
to St. Henri Council suggesting the changes above
referred to.

The Secretary stated that he had written Mr.
Rolland regarding drainages connection with the city
of Montreal, but that no reply had been received
up to the present.

Mr. Macfarlane reported that he had seen
Mr. Rolland who had replied that the city
was still considering the matter but that a

Re. Drainage

The Secretary then read a letter of date the communication from Mr. p. to Mr. on which Mr. Howard [Howard's?] accompanying Mr. Howard's plan of drainage together with sections of the plan, with particulars in depth of manholes and depth of cross-sectioning drains.

It was then moved by C. W. Hutchison and seconded by C. W. Hutchison that the Council be and is hereby instructed to prepare a Report for submission to this Council providing for the carrying out of the Captain of Drainage for the Municipality prepared by Messrs. W. Rutherford, Howard's for the appropriation of such land as is necessary to carry out the said drains from St. Catherine & West into St. Paul St. - Carried.

Lands for lumber

Lands were then read from Messrs. W. Rutherford, D. B. Wilson & Co. for Sheriff G. D. Brier and O. D. Bierer & Co. for the lumber required for the Municipality for the current purposes work, where total of Messrs. W. Rutherford's being found the lowest it was moved by C. W. Hutchison and seconded that the tender of Messrs. W. Rutherford be accepted - Carried.

Price for lumber

The following are the prices for lumber in said tender:

Resident, The Chief.
The regular monthly meeting of the Municipal Council of the Village of Côte St. Antoine was held at the Council Chamber, Côte St. Antoine on Monday evening the 3 June 1889 at 8 o'clock.

Present

The Rev. R. L. Paton, Esq., and Councillors R. R. J. Hutchison, Misspellane, Culmer, M. Hutchison and Dunford constituting a quorum of said Council under the precedence of the Mayor.

Minutes

The minutes of the last regular meeting were read and on motion confirmed.

Proceedings on the 30th Article 43.

The Secretary laid on the table the Bill passed by the Council on the 30th Article 43 concerning the widening and beautification of the lines of St. Catherine St. Westward from Clarke Avenue.

Authority to acquire lands at St. Hubert St.

It was moved by Coun. M. Hutchison and seconded by Coun. Misspellane and received that the Secretary Treasurer and Attorney for the Corporation be and are hereby authorized to acquire either by amicable arrangement or by adopting the necessary proceeding in expropriating the lands necessary for the improvements on St. Catherine St. West under by-law No. 43.

Authority to acquire lands at St. Hubert St.

Moved by Coun. M. Hutchison and seconded by Coun. Culmer and received that the Secretary Treasurer and Attorney for the Corporation be and are hereby authorized to acquire either by amicable arrangements or by adopting the necessary proceeding in expropriating the lands necessary for.
the improvements on it like that under Captain Forst.

The Surveyor reported that according to instructions the perfect basis on the Municipality by the Estate Melbourne in the matter of opening the Boulevard had been referred to the Solicitor whose reply was to the effect that at the time the original plan of the Municipality was made there was more or less opposition to the plan, but that objection was withdrawn by the late Mr. Melbourne on the understanding that immediately after the homologation of the plan the said plan should be changed or so far as it related to the Boulevard and that the description of the said Boulevard & as far as the same extends the first, second and third strips of land mentioned in a resolution of this Council passed the 14th March 1850, giving the description of said Boulevard & amended and altered to read as described in the minutes of this Council of the 4th June 1850, but that the plan itself had not been altered in accordance with the understanding.

After a general discussion regarding this matter in which it was the unanimous opinion that the proper change on the Boulevard which had not been carried out would if carried out be prejudicial to the finances and beauty of the Boulevard it was moved by C. C. Hutchinson and seconded by Mr. H. W. Southam and unanimously adopted that the resolution of this Council of the 4th June 1850 as far as it related to the Boulevard be and is hereby provided and that description of the Boulevard be the same as originally arranged as for a resolution of this Council of the 14th March 1850, and which description is as follows:

A Street on Boulevard to be known and called the Boulevard, the land required for the same being more particularly described as follow:

It was then moved by C. B. Hutchinson, seconded by J. Fee, that a petition be presented to the Council at its next general meeting.

The acquisition of lands for a park

The Committee having made consideration the best means of acquiring and paying for the property of the late E. B. Bagg, reported that they had held several meetings and, the result of which was that they found it was necessary to proceed in the matter of the petition; and that they had instigated the Collector to prepare such a petition as he deemed necessary for the premises. The report was adopted.

Notice re Gaelic property

On the suggestion of the Mayor, it was then moved by C. B. Hutchinson, seconded by J. Fee, that the Secretary should make a notice and forward to all the parties interested in the petition to the effect that the petition was being at the office of the Corporation awaiting their signature. Carried.

Drainage connection with St. Kilda

The Secretary stated that as instructed at the last meeting of the Council, he had prepared a letter which he had submitted to Mr. Fee, containing the modifications and amendments which it was thought advisable to have in the agreement with Mr. Fee regarding the drainage connection, but that no reply had yet been received from Mr. Fee.

Drainage connection

C. B. Hutchinson reported that the Committee of the City of Montreal were having charge of the negotiations for drainage.
In connection with the City, had held several meetings with the Road and Finance Committee of the City of Montreal and that the last report which the Road Committee were going to submit for acceptance was to the effect that the drainage connection fee should be nine thousand five hundred dollars ($9,500), that this Municipality should pay the yearly sum of two hundred dollars ($200) for their portion of cleaning charge, that this Municipality should pay ten per cent of the cost of enlarging the drains where necessary and that no street-side houses should be allowed in the Municipality.

The Secretary read two letters from Mr. Milby regarding the drainage, one of date the 25th May stating that he would be glad to know if a general map of the system of drainage that was prepared by Messrs. Deacon Howard Mage the names of the streets and containing ditches and those in which it is proposed to lay them in order to prepare the By-Laws necessary to enable the Municipality to carry out the scheme, and one of date the 31st May written in reply to an enquiry of the Secretary to the effect that the drainage improvement will have to be carried out in the same manner as all other improvements of a like character, i.e. that the proceedings will require to be commenced by petition. A general assurance of the whole question was given when it was moved by Councillor A. C. Bulethorpe and seconded by Councillor J. Bulethorpe and seconded

That the Treasurer and Secretary be and are hereby authorised to take such steps in the matter of the petitions and proceedings

Application of
Mr. Wm. Millford
for increase of salary.

A letter from Mr. Wm. Millford of date the 29 April was then read. Complaining that some valuable shrubbery and fruit trees had been cut down that he wished to call the attention of the Council to the fact that the tree for all kinds of game, if ever interfered with, the cutting of any birds is now illegal.

The Mayor stated that he had attended to the matter.

Duty Law

A reference was made to the advisability of prohibiting a lot of drop crops to their large menaces to the Municipality and the fact that many of them were creating a good deal of annoyance to the residents and it was moved by Mr. Hutchinson and seconded by Mr. Dunford and resolved that the Council is hereby authorized to prepare a by-law forbidding all parties owning dog in the Municipality the sum of $20 for each dog kept by them.
3 June 1880

College Building now no course of erection on Grant Avenue. The matter was discussed and a general condemnation of the nuisance quite emphatic, but as it had not reached the matter was dropped.

The Mayor then stated that there was a very serious nuisance existing on the lands of Mr. J. S. Cram and the secretary presented to Counc. Mr. Hutchinson, read by Counc. Mr. C. Hutchison was instructed to write to him in the effect that the nuisance must be abated.

Committee for Legislation

The Mayor then suggested the advisability of appointing a committee on legislation whose duty it should be to review the old charter and report to the council before the meeting of the next legislature as to what they might deem advisable to be introduced into an amended charter for the municipality and it was moved by Counc. Robson seconded by Counc. Mr. Hutchison and resolved that the Mayor and Councillors Mr. Hutchinson, MacFarlane, Hard and Brown be a committee on legislation.

Turnpike Trustees

J. W. Hubner reported that the Turnpike Trustees were occupying with their ills since a portion of his property, also a portion of the public road, and that such was illegal and in his opinion the property he must requisition that a notification be sent to the Trustees immediately.

The Secretary was instructed to write the Turnpike Trustees notifying them to this effect.

Monday 1st July being a statutory holiday the usual monthly meeting of the Municipal Council of the Village of Cote St Antoine was held at the Council Chamber Cote St Antoine on Tuesday evening 2 July at 9 o'clock.

Present: The Mayor J. Patton Esq., councillors A. E. Hutchinson, W. Hutchinson, T. E. Bulmer, H. Ward and W. Durnford, constituting a quorum of the said council under the presidency of the Mayor.

Minutes: The minutes of the previous meeting were read. After explanation Coun. Bulmer withdrew his dissent to the resolution of the Council of the 3rd June confirming the action of the committee regarding a project of a street through which the drain would run for connection with St. Paul St, whereupon the minutes were confirmed.

Re Boulevard: The Mayor called the attention of the Council to the matter of the Boulevard, when it was stated that the action of the Council at its last meeting in regard to this matter was regarded by the tenants as satisfactory.

Re Obstruction on Lansdowne Avenue: The Mayor drew the attention of the Council to the matter of the obstruction on Lansdowne Avenue when it was stated that this matter also had been satisfactorily arranged.

Re claim of Mr. Horseman: The Secretary advised having been served with two writs by Mr. C. Raymond acting for and on behalf of Mr. Horseman amounting to about $50 for damages sustained by Mr. Horseman's wife and that he had handed the writs to the Corporation.

Corporation Solicitor with instructions to defend. Action of Secretary confirmed.

Re Irvine

Nuisance

The Mayor reported having interviewed Mr. Irvine regarding nuisance existing on his property with the result that Mr. Irvine had promised to attend to the matter.

Drainage

Connection with St. Henri. The Secretary

connection with read a letter of date 6 June from Mr. Davie acknowledging the receipt of the letter of the Corporation of date 16 May notifying that the matter in question viz: Drainage connection between the two Municipalities had been sent to next general meeting of the St. Henri Council. Councillor Ward reported that in conversation with Secretary Ducharme and Mayor Renault of St. Cunegonde they claimed that St. Henri had no right to negotiate for the drainage of both St. Antoine, as in the agreement between the Municipalities of St. Henri and St. Cunegonde St. Cunegonde had given St. Henri the right only to drain its own sewage and not that of both St. Antoines. It was agreed that Councillor Ward & Ducharme and Engineer Massey should attend meeting of the St. Henri Council to be held the following evening for the purpose of generally investigating this matter. The Secretary was also instructed to obtain copies of agreements re drainage existing between the City of Montreal & St. Cunegonde and St. Henri & St. Cunegonde.

Dog-tax

Dog-law

A draft Dog Law imposing a tax of $2.50.

Two dollars per annum upon the owners of dogs for each and every dog so owned was read but allowed to remain in abeyance

The letter.
2 July 1919

Application from Constable Dunn. The letter of Councillor Dunn, of date 6th May, applying for increase in salary, was again read. On motion of Councillor Asbe, seconded by Councillor Thos. Ward, the matter was referred to the Mayor and Council of Durnford with powers to close it.

Re Roads

Re Roads, Councillor Ward then asked the Council whether they regarded it as the duty and the province of the road committee to keep the roads of the municipality in good order. A general discussion of this matter then ensued, but without any definite action, as to the defining just what the road committee should or should not do.

St George's Club

St George's Club. Councillor Mr. Hutchinson reported having been informed that a large quantity of liquor was being used at St George's Club House particularly on Sundays and that he thought it highly desirable to prevent this if it were possible.

As what is known as the locker system is supposed to obtain, it was difficult to reach under the present laws no decided action could be taken but the policemen were instructed to keep a sharp look out and to report any irregularities or infringements against the law they may discover.

Drainage

Drainage. The plans of Major Massey Howard for the drainage of the municipality were then submitted to the Council and generally discussed. Major Massey being present and giving explanations and information concerning them. It was then moved by Councillor Asbe, seconded by Councillor Bulmer and resolved - That the plans now submitted by Major Massey Howard...

and Mayor accepted subject to the approval of Mr. St. George, Engineer of the City of Montreal. Councillor W. C. Hutchinson then submitted the plan of the street through which the pipe would run for a connection with St. Paul St and which plan showed a street running through a gully 30 feet wide. In discussing the matter, however, it was deemed that a street 60 feet wide would be preferable. It was therefore moved by Councillor W. C. Hutchinson, seconded by Councillor W. Hutchinson and read as

That a plan submitted by Major Massy Howard & Major of the continuation of St. Catherine St. NW and Sandowne Avenue through the gully below the track of the C.P.R. and through St. Paul St in St. Henri to the Upper Lacrosse Road and the carrying of the Drainage of the Western part of the Municipality through the said streets be in general approved of, but that the street shown on the said plan be laid down as a 60 feet instead of a 30 feet street, and that the solicitor be and hereby is ordered to prepare the By-Law for drainage system and take the necessary steps for the expropriation of the land required for the extension of these streets.

Drinking Fountain. It was then moved by Councillor W. Hutchinson, seconded by Councillor Durnford that the City of St. Antoine Water Co. be requested to furnish water and water connection for a drinking fountain to be erected in the vicinity of the junction of Greene Avenue and St. Catherine St.

Carried

It was also moved by Councilor W. Hutchinson, seconded by Councillor Durnford and resolved - That the Mayor, Councillor Ward

Wooden Buildings

Wooden Buildings. The question of allowing the
erection of wooden buildings within the limits
of the Municipality was then introduced and
on motion of Councillor Dunford, seconded by
Councillor Hutchinson, the Mayor and Councillor
R. E. Hutchinson were appointed a Committee to
investigate the matter and report at the next
meeting of the Council.

Acquisition of Property of the Water Co.

Acquisition of the property of the Water Co. The
question as to what progress was being made
in connection with the petition to the Council
for the acquisition of the property of the Cote

Mrs. Patton

Mayor
5 August 1889

The usual monthly meeting of the Municipal Council of the Village of Lot 3, Acton was held at the Council Chamber, Lots 3 & Acton on Monday evening the 5th of August 1889 at 8 o'clock.

Present

The Mayor, Thomas Latton, and Councillors J. B. Baldwin, W. Kitchener, L. Davenport, and T. C. Bumner, constituting a quorum, said council met under the presidency of the Mayor.

Minutes

The minutes of the previous meeting were read and on motion confirmed.

The Boulevard

A petition of date the 13th July 1889, was read from the petitioners or owners of the proposed Boulevard, requesting that proper steps be taken at the earliest possible moment to make up for public use the proposed Boulevard from Lots 3, Acton road, Westward to Lots 6, Acton road, in accordance with plans decided on some time ago and agreed on by themselves, the right of way across the general property for each Boulevard as already laid down in plans before mentioned.

The Boulevard

A letter was also read from Councillor Macfalcon, who was unaccountably absent, stating that he had had several interviews with the representatives of the Macfalcon Estate, the result of which is that they are quite agreeable to the proposed continuation line of the Boulevard through their property and are anxious to line out their lots at once, and as it was decided at the last meeting that 20 feet was necessary for the Kerstetter to define the lines of the said Boulevard, it is recommended that the council authorize the Ville to stake out the lines of the said Boulevard at least...
5 August 1859

Re Boulevard

The Mayor then stated that he had seen Mr. Rule, who was already prepared of the field into 1000 feet, in connection with this matter, and he agreed to be taken out the line for the same.

Re Boulevard

It was then moved by Mr. C. Hutchison, supported by Mr. W. Hutchison, that the recommendation contained in Mr. Macfarlane's letter be reported to and that the Council be and is hereby authorized to instruct Mr. Rule to take out the Boulevard across the property of the McIvor Estate according to the homologated plan.

Re Boulevard

It was also moved by Mr. Dunford, seconded by Mr. Bubner, that the petition be referred to the Council. Mr. Macfarlane, Mr. Hutchison, and Mr. Hutchison be a committee with authority to take such steps as may be necessary and if possible in conjunction with the local authorities to obtain the consent of the complainants to open up the Boulevard through their property and also to open up the Boulevard generally from the Des Munes road to lots of land held as laid down in the plan.

Re Drainage

Coun. Mr. Hutchison reported that he and Coun. Kain had attended a meeting of the St. Kew Council and had seen the agreement between St. Kew and St. Anneville, and which was precisely as reported by Coun. Morey at the last meeting, viz. that St. Kew had no right to make any agreement with St. An...

The Secretary was therefore instructed to ask the Secretary of the Corporation of Blue Mound to reply regarding this subject.

The draft Rep. Law imposing a tax of two dollars ($2.00) per annum, where the owner of dogs for each and every dog to named in the ordinance of which was left in abeyance from last meeting was then taken up; when it was moved by John A. Hutchinson read by C. B. Dampier and passed.

That instead of a tax of two dollars and the cost of the metal bearing the number of the dog being imposed the tax shall be as follows: One dollar for each dog and two dollars for each flock, but those clinics to include the cost of the metal therefor it was moved by C. B. Dampier and passed.

That Rep. Law No. 445 concerning dogs as amended be not read a first time.

The said Rep. Law was read a first time.

Read second time it was moved by John A. Hutchinson read by C. B. Dampier and passed.

That Rep. Law No. 445 concerning dogs as amended be not read a second time.

The said Rep. Law was read a second time.

5th August 1889

To now read a third time passed and ordered to be promulgated in the usual way.

The said By-law was read a third time passed and ordered to be promulgated in the usual way.

For Application

Coun. Purnford reported on behalf of himself and Constable Greenie, the Mayor, Committee on this matter, that after consideration of the whole question they found the wages being paid by this Corporation to its policemen were higher than the wages received by policemen of the City, that they thought and further expenditures on police account should be for the purpose of properly clothing the policeman in suitable costume which would cost about one hundred dollars each to fit them out and probably fifty dollars a year subsequently.

Report adopted as above

It was moved by Coun. Purnford and by Coun. Hutner and seconded that the report be adopted and that the Mayor and Coun. Purnford be and are hereby authorized to carry out their recommendations in this matter. Carried.

For Damages

Coun. A. C. Hutchison reported that a meeting had been held between the Collector, Mr. Bowlard, the Engineer, the Secretary and himself regarding the elevation of St. Catherine Street through the street and at the meeting had decided to ascertain from the proprietors of property through which the said road would run the terms upon which the land necessary for the road could be acquired and that the matter was now in progress.
5th August 1889.

It was moved by Cuny. St. Hutchinson and by Paul. Dunlop and seconded
that the Reads and Cuny. H. Hutchinson be added
to the committee already appointed consisting of the
Reads. Secretary and the Solicitor for the purpose
of acquiring the lands necessary for said extension
of St. Catherine Street through the place into 4th
Paul Street.

Mr. Geo. Bishop being present presented a sketch of the
park of the property known as the place and
some surrounding property and advocated the acqui-
sition by the Corporation of land necessary for a park
at one as now was the most favorable time for ac-
quiring the land at a reasonable price.

The matter was discussed and it was moved by
Cuny. St. Hutchinson and by Cuny. Butler and seconded
that the same committee consisting of the Read.
Cuny. St. Hutchinson the Solicitor and the Secretary
be appointed to obtain what information they possibly
would as to the cost etc of acquiring and maintaining
such a park as laid down in the plan.

Drinking Fountain. Regarding the drinking fountain the Read
replied terse and stated that he hoped the
fountain would be in operation during the current sea-
son.

Drumming. Drums. In behalf of the Committee appointed to look into
the matter of wooden buildings Cuny. S. Hutchinson
reported progress.

Drumming. The Secretary read the report of Mr. Smith-
Amber, Mr. Cleland and C. D. Porter. Two of the Subscribers
approved 50% of the land expropriated from
Mr. Jackson for the purpose of extending
Drumming from Western Avenue to 4th Avenue
and which report awarded to Mr. Jackson.

13
August 1889

Three thousand three hundred and sixty-seven dollars ($3,367) without stating any particular as to how this amount was arrived at. The meeting then read a report from Mr. Williams, arbitrator, representing the Corporation in this matter, diciating entirely from the award of the majority and stating that his valuation of the land in question was nine thousand five hundred and forty-one dollars ($9,410), that the valuation of Mr. Miller, Hallbank was nineteen thousand five hundred and thirty-three dollars ($19,333) and that the umpire had decided between the two to which Mr. Hallbank had acceded. Mr. Hutchinson also submitted a long report showing what he deducted from the award giving minute details thereof and drawing the attention of the Council to the fact that he thought the arbitrator had settled outside of the legal bounds of his inquiry and consequently that the award itself was illegal. After a discussion it was moved by C. T. Hutchinson and by C. W. Hutchinson read and rejected.

That the report just read of the majority of the arbitrators as well as that of Mr. Hutchinson be submitted to the solicitor and that his opinion be obtained as to the validity of the award of the majority and whether it was binding on the Corporation.

A letter from Joseph Kelle of date the 5th August was read, offering to prepare a plan of the Municipality on a scale of 50 ft. to the inch on 24 sheets of mounted paper of 26 x 40 inches as per sample enclosed, showing all the streets open and homologated as well as the homologated street lines for the future.
Section 1. Said Club, the official number and all the subdivision numbers and dates of completion of such that for the sum of three hundred dollars ($300.00) and for an additional sum of fifty dollars ($50.00) he offered to add the dimensions and surfaces of the subdivision numbers. He also offered to pay the same plan on a scale of 100 ft to the inch for the sum of five hundred and fifty dollars ($550.00) and a duplicate on tracing lines of the plan on a 50 ft scale for one hundred and fifty dollars ($150.00).

It was then moved by Mr. P. A. Shepherd and seconded by Mr. Dunford and carried.

That the Corporation accept the offer of Mr. Hille for a plan of the Municipality on a scale of 50 ft to 1 mile, with the dimensions and surfaces of the subdivision numbers as stated in his letter for three hundred and fifty dollars ($350.00).

A petition was read from proprietors of property on a line of the street now known as Ulster Ave. from the new Laurel Grove to 1st and 14th Sts. of Ord. 1474, petitioning that the said street be named and known as Ulster Avenue.

On motion of Mr. Rubens and Mr. Dunford and unanimously seconded, that the prayers of the petitioners be granted and that the said street on the line of Ordnance No. 1474 be named and hereafter known as Ulster Avenue.

A discussion then ensued regarding fire protection for the Municipality. Where it was moved by Mr. M. K. Hillyer, seconded by Mr. L. C. Hutcheson, resolved that the opinion of this Council it is most necessary that some active and prompt steps should
5 August 1869

To Ibem for fire protection to the Municipality and that a Committee be appointed to investigate and report to the Council as to the best fire engine and other appliances for fire protection suited for the requirements of the Municipality. Carried.

It was then moved by Caw. H. Hutchinson second by Caw. D. C. Hutchinson and seconded
that the Mayor and Caw. H. Hutchinson and Burnford join and to such a Committee. Carried.

A letter was also read from Dr. E. Campbell of date the 1st August notifying the Council that at that time he was attending a case of delirium in the house of Mr. E. T. Goods, Lamdrome Avenue, the case being a girl of eight years and her mother.

The Mayor stated that he had notified Dr. Hutchinson who was giving the matter his attention.

A letter was also read from Mr. M. Reynolds regarding causes of death walk on Lamdrome Avenue was read and referred to Mr. Smith, the Road Inspector.

The Council asked whether the light Committee was satisfied with the road in which the gas was performing the light contract to which Caw. D. C. Hutchinson replied that as far as he knew the contract was being carried out in a satisfactory manner

Caw. Burnford reported that he found the sole back railway was being used on Sundays and asked whether it was not possible to stop the use of these railways on the day named.

A discussion ensued but to definite action was taken.
A letter of date 21 July was read from Mr. Stanley Mills complaining of the destruction of some of his fowls by a racoon and stated that he could not find a policeman when one was wanted.

Coun. Hubser stated that as a matter of fact Mr. Mills place was a public nuisance much as he kept a large number of dogs and fowls to the which cause a perfect nuisance in the locality.

The Secretary was instructed to write Mr. Mills that the nuisance on his property must be abated.

Adjourned

On motion the Council adjourned to meet at regular hour on the 12th day of August 1889.

Thos. Patton

Mayor
An adjourned General Meeting of the Council of the Municipality of the Village of Col. St. Antoine was held at the Council Chambers, Col. St. Antoine on the evening of Monday the 12th of August 1889 at 8 o'clock.

Present:

The Mayor, Thomas Paton Esq. and Councillors: Buckley, Humphrey, Guthrie, and Hutchison, being a quorum of said Council under the presidencies of the Mayor.

The Secretary laid on the table the Returns of the Public Officers as to the publication of the Notice to the effect that at the adjourned General Meeting the Valuation Roll of the Municipality would be read.

Minutes of the previous meeting were read and on motion confirmed.

Valuation Account: The Secretary submitted the account of the Valuation for the current year, the amounting to two hundred and fifty dollars and ninety cents ($250.90) but before passing same the Secretary was instructed in view of Article 720 of the Municipal Code to ask the Valuation to furnish more details.

Respectfully submitted, the Secretary read the draft of opinion regarding the validity of the award made by a majority of the Arbitrators appointed to decide as to the value of the lands expropriated from Mr. Jackson, the under the Res. No. 24 concerning the extension of St. Luke Street, and which opinion was to the effect that after a careful examination of the whole proceedings in the
12 August 1889

Matter to come to the conclusion that although the award itself was not in accordance with the form referred to in Article 457 of the revised statute of the Towns of Cities, yet he did not consider this an irregularity as necessary to that the award could not be attacked on its merits but only on the question of form, and notwithstanding the irregularity pointed out he considered it bungling on the Corporation.

Comm. Bulmer's evidence as above.

Comm. Bulmer has made a personal explanation regarding the evidence which he gave before the Committee in this matter, claiming that Mr.丘icheford in his report to the Council had unjustly attacked him and that he further desired to talk with the paper in the committee a little which he had received for the Council of the Legislators asking him to attend a meeting of the Committee, thus showing that he did not give his evidence without being asked. The letter is as follows:

The Secretary reported that he had written to the Secretary of St. Anneguide, asking whether the Corporation of St. Anneguide was prepared to give an answer to the application made by St. Curie Park and Mr. Ludlow for drainage connection with St. Curie through St. Anneguide into the City, and he then read the letter of Mr. Ludlow, which was to the effect that the question of draining into St. Anneguide had not come before the St. Anneguide Council; the letter of the St. Anneguide Council was then instructed to advise the Councilman that Mr. Hard would wait upon them within a day or two, and Comm. Hard promised to attend to the matter.
12th August 1859

it was right for the Road Committee to continue repairing the roads in the Municipal District and after a general discussion it was understood that it was left to the discretion of the Road Committee provided the cost of such work came within the limits of their allocation.

Review of Bill

The review of the Election Bill was then proceeded with by Mr. Campbell and on motion of Colville R. Blackmore seconded by Colville R. Blackmore he moved for adjournment to meet on Thursday the 15th August 1859.

The usual monthly meeting of the Municipal Council was held at the Council Chambers, Lyle & Scott, 29 George St, Edinburgh on Monday evening the 2nd September 1889 at 8 o'clock.

Present

The Mayor, Sir F. Lithgow, Esq., and Councillor
Macfarlane, A. H. Street, Esq., Balmain, W. Hutchinson, and Dr. Street, constituting a quorum of said Council under the presidency of the Mayor.

The minutes of the meeting of the 12th and 13th August were read and on motion confirmed.

The Secretary read a letter of date the 23rd August from Mr. Macfarlane on behalf of himself and Mr. Street which was a reply to the letter writing by the Secretary earlier this year for more particulars regarding the accounts of the Valuation for the current year and which reply was to the effect that the current year's work of valuation was unusually heavy as the Valuation Roll was revised in the middle of the current year and which reply was to the effect that the current year's work of valuation was unusually heavy as the Valuation Roll was revised in the middle of the current year, and that if the Valuation made was a detailed statement it would be found that the current account was well within the limits of the statute regarding this question. The account amounting to £2,053 10s. was then unanimously passed and ordered to be paid.

Ref. Lyle & Scott Arbitration

The Secretary then made a statement to the Council on behalf of Mr. St. Rutherford and which was to the effect that one of the papers read to the Council in connection with the Lyle & Scott arbitration and signed by Mr. Rutherford was not intended for the Council but intended for the third arbitrator and was simply conveyed to him in a resume of the evidence given to the
The Secretary then read a letter of date the 28th August from the Secretary of St. Anne's and which was as follows: "In reply to yours of 27th inst. I am authorised to write you that the Council will grant your Municipality the privilege of connecting your drains with those of St. Anne's on an area of two hundred acres for the sum of forty thousand dollars ($40,000)."

"It being the present of the sum of forty thousand five hundred dollars ($45,000) paid by the Municipality to the City of Montreal for St. Anne's."

"The complaint was received." Signed:

"J. R. Dubrulr, Secretary Treasurer."

The terms of this letter being considered satisfactory it was moved by Councillor Paton and seconded by Councillor Hutchinson and seconded that the offer of St. Anne's contained in their letter above mentioned be accepted and that the Secretary be and is hereby authorised to instruct the Agents to prepare a draft for submission to the Council carrying into effect the above offer.

The Secretary was instructed to obtain a reply from the Corporation of St. Anne's to the last letter of this Council regarding conditions of drainage connection between the two Municipalities and to have a draft prepared to be submitted at the next meeting.

It was moved by Councillor Hutchinson seconded by Councillor Dunford and seconded that Councillor MacFarlane, Balmer and the
Year's Estimate

It was moved by C. E. C. Smith that the Engineer be requested to furnish an estimate of the cost of the main drain from the lift sunk along St. Catherine St. W., thence to the Dufferin street, also from St. Catherine St. W. along Queen Ave. and Col. St. Antoino Road, to Churchill Avenue, also on Dufferin Street, and on Dufferin Street. This was seconded.

Report of Committee on Fire Protection and Water Supply

The Committee appointed to report on fire protection and water supply submitted the following recommendations:

1. That at least one dozen ladders be procured at the cost of five dollars each, according to their capacity.
2. That a dozen forty-four ft. ladders be purchased at a cost of ten dollars and twenty-five cents each, the pipe for binding them together to be purchased, and the length thereof necessary.
3. That the ladders and ladders be distributed throughout the municipality at designated points.
4. That provisions be made for sufficient water, with greater pressure, as required, to supply these objects, in case of the quantity of hose and additional hydrants be provided.
5. That from the information obtained of the successful securing of water by boring it at
recommended that negotiations be entered into with the City of Water Line Company on terms of equal expenditure to ascertain to obtain a supply of the same and for this purpose an appropriation not exceeding the principal dollars be made.

The report was then discussed, when Mr. John Daws being present was asked to state the result of the experiments made with the mill on Mr. Ramsey's property. Mr. Daws reported exclusively that the experiments, as far as the quantity of water obtained had proved a failure: that Mr. Baker Edwards had analyzed the water and found it good and fit for house purposes, but that the quantity had turned out to be totally inadequate and in fact the mill had been pumped practically dry up in very short time.

A discussion then ensued when Mr. James Platt stated that at the McKay Institute there was apparently quite a large and satisfactory supply of water and which, in fact, gave no signs of running out and he suggested that a letter addressed to him as Secretary of the Institute asking permission to make experiments at the Institute forging. Mr. J. D. Laws agreed to take up the matter and make the necessary experiments.

Mr. Agent of the American Automatic Fire Extinguisher then exhibited a sample of a fire extinguisher of their make, but the whole question and report was left in abeyance until the result should be found of Mr. Laws experiments at the McKay Institute.

re Hills Insurance The Secretary read a letter from S. Hutchinson reporting that he had visited the premises
Claim for damages to persons of Mr. C. H. Stephenson Limited, stating that he had been instructed by Mr. David Grant to proceed against the municipality for the recovery of fifteen hundred dollars as damages caused by the filling of the level of Greene Avenue, being at the rate of ten cents per cubic yard on the average depth and suffering in consequence of said change.

In discussing this matter it was understood that the change of grade had been made by the company so that the road under their charge in Greene Avenue should have a proper roadway and the secretary was instructed to see whether the letter of permission given by the Council to the Railway Company did not contain a proviso that the Railway Company in making the change should obtain the consent of the adjacent proprietor.

A petition was then presented copied by proprietors of property fronting on Greene Avenue asking that Greene Avenue be widened fifty feet on the east side and forty feet on the west side, that the said improvement be concluded more than a local improvement, and that the cost of the said improvement be distributed on an area of territory then than that fronting on the said avenue.

It was then moved by C. H. Stephenson and seconded by Mr. M. Hutchinson and resolved that provided the said petition contained
the necessary majority according to first reading the
prayer of the petitioners be granted and
that the improvements petitioned for be
declared more than a local improvement.
and that the cost thereof be borne by pro-
proners than those holding on the land
that, each area to be determined by Com-
mmissioners in the usual way.
The motion carried with Concurrence adjourning.

Resignation of
Secretary Treasurer.

The Secretary then read a letter from
the Secretary Treasurer resigning his position
as Secretary Treasurer of this Municipality owing
to lack of time to attend to the increasing duty
thereof.

Upon Mr. Haward stating that this was fair
it was moved by Lorne A. C. Hutchinson secd.
by Lorne Culmore and seconded
that the resignation of the Secretary Treasurer
be accepted, but not to take place until the successor
is will in office and that the Mayor and
Lorne Magdalene be a Committee to secure a
suitable person for the position and report to
this Council.

The Mayor then informed the Council that
a letter had been received from James Whiting,
with thanks from Solicitor advising that
they had been instructed by Mr. evident
not to take action against the Corporation for
one thousand dollars damages for false arrest.
The plaintiff made a statement as to the
particulars of this affair from which it
would appear that he was perfectly
justified in making the arrest as he
was disturbing the peace, which disturbance
could be established by several witnesses.
2 Sept 1889

including Mr. Wm. Kenwood. The action was taken.

In this connection came Mr. J. C. Graham suggesting
the wisdom of furnishing the police with a
book containing printed instructions as to their
duties etc., and the matter was referred to the Police
Committee.

A letter of date the 25th August was read from
Mr. John McKechnie to the effect that he for which
had placed on his lands for sale two thousand
dollars of Weston Avenue Bonds and which he would
like to dispose of to this Corporation.

His action was taken on this particular, but
it brought up the question as to the proper terms
upon which the Corporation could acquire a title
to Weston Avenue and the Secretary was instructed
to send a letter urging to the President of the
Late St. Andrew's Road Company asking upon
what terms the Company would be willing to
cede to the Corporation Weston Avenue.

The Secretary then read a letter from Mr.
Mr. Bishop of late the 27th August enclosing a
projected plan of the property long held by 236. Shown
a new street running through the center of
the property, and making the following
provision: 25 ft. to cede to the Municipality the
land necessary for the proposed street and the
extent of 25 ft. wide by about 295 ft. long; provided
they accepted and homesteaded the same,
built it as a public street, make sidewalks
and build drains etc. when the occupant
on said street may require them.

The Secretary was instructed to advise Mr.
Bishop that no street could be taken one half
at a time and unless it were 25 ft. wide,
but that a footpath would be laid as soon

Re Amendment to Charter

Cove A. C. Hutchinson suggested the advisability of obtaining powers in the new Charter to prevent factories from locating in the Municipality and Cove Magarslane suggested that at the same time it would be wise to obtain the power to mark out a building line in any street outside the Municipality.

Both suggestions were referred to the Committee for Charter amendment.

Re Lump Approaches

The Secretary then read a petition signed by Richard Bristow asking for a lump approach 13 feet near his residence in Dorchester St. Met. The matter was deferred until the next year's appropriations were made.

Re nuisance under Bridge

Cove Bulmer stated that there were very disagreeable and dangerous odors arising from refuse thrown under the bridge over Dorchester St. arising from the horse stable and the Senator was instructed to warn Mr. Kingsley, the City Surveyor and the Health Committee of Montreal requesting them to have the nuisance removed.

Re Lumpicket East

Cove Bulmer reported that the lumpicket East had erected two large posts on the road within the limits of the Municipality and a bar crossing the road from post to post which he thought was contrary to the contract. The Secretary was instructed to look into the contract and if the matter complained of by Cove Bulmer was found to be contrary to the terms thereof to notify the Lumpicket.

Now it's time to make a plan. I've been thinking about the different options and strategies we could pursue. A detailed analysis of each option will be necessary to make an informed decision.

First, let's review the current situation:

- Current market conditions
- Competitor analysis
- Customer feedback

Next, we need to evaluate the pros and cons of each strategy:

1. Strategy A: This approach is straightforward and easy to implement. However, it may not yield the best results in the long run.
2. Strategy B: This strategy is more complex but could lead to significant growth. It requires more resources and time to execute.
3. Strategy C: This approach is risk-averse and guarantees stability. But it may not offer the same level of potential for expansion.

We should consider the following factors:

- Financial implications
- Strategic fit
- Resource availability
- Market receptiveness

After careful consideration, we can make an informed decision. Let's schedule a meeting to discuss this further.
A letter dated 14 January 1870 from Mr. R. Penkerton, Secretary of the Society of Anticeste Improvement Improvement to the Council, containing a letter from Mr. J. H. Redfern, John O. McDonald, and Mr. MacDonald, also stating that the Council was ready and a deputation composed of the J. H. Redfern, John O. McDonald, and Mr. McDonald also waited on the Council.

The Resolutions were read one by one and the action of the Council explained to the deputation. The Secretary, knowing it was also instructed to acknowledge receipt of the letter and Resolution and the suggestion to add the words, "We are not disposed to entertain the claim giving the council power to refuse licenses," etc., etc.

Mr. J. A. Greene's letter ended by Mr. Penkerton referring to a certain gas or private property over which the Council have no control. Mr. Greene has grounds for an action against the trespasser. The meeting then adjourned.

By-Law 44

As Mr. New presented a petition signed by
a number of proprietors on Western Avenue
and prayed that these proprietors had given
the land that made the street and in
addition had expended considerable sums
of money in grading and putting the
street in order and they felt that any injustice
had been done to them, that they should, after
giving as much of their own, be called upon
for such a heavy assessment, for opening a

5th May 1890

Portion of the street which had not been homologated had direct access to the city. They would not have grumbled if they had been assessed say for one tenth. He also pointed out that when Mr Rae bought the property the line of the street was already homologated and it was his nature that he should have based his purchase on that fact.

W. Smith, Mr W. Smith and others concurred with Mr Wise's representations.

Mr Marchal—Mr Marchal representing the Seminary said that while the Seminary was ready to contribute their fair share to any public improvement they felt that the present opening was really of no immediate benefit to them. He thought that taking all the circumstances into view, it was unfair that their property which was not opened should be assessed and valued at the same rate as the Rae property who immediately derives substantial benefit from the said opening. He also pointed out that if the street was opened to the city limits there would have been some reason for the taxation to which they would not have objected.

The Mayor pointed out that the Council were quite willing to have the street opened right through and at the same time laid altogether in the hands of the homologated Seminary to have acted for it and he would enquire from Mr Marchal if the Seminary wished the road opened if would it be satisfactory to them.

Mr Marchal said he was not prepared to answer that point at the moment but he was perfectly sure that the gentlemen of
5th May 1890

Mr. Smith: The Seminary would be always glad to do their share of any public improvement. Mr. E. W. Smith said that he thought the opening of St. Faith Street to the city limits would have been a public benefit to all its owners. It is purely to the advantage of the properties it passes through.

Mr. A. H. Cross said that the petition for opening the street was only from the party who benefited thereby & for a portion of the street and that he considered that for the opening of a street a majority of the proprietors should have applied first, but in this case it was merely a private speculation and really no local improvement and it was and it was exceedingly hard and unfair to the parties assessed that the person who derives great benefit from the opening should only be called upon to contribute 1/12 of the total expenses while the others had to meet five-sixths, he would also point out that the street name which these proprietors desired did not belong to the corporation but had been given by private individuals and who had besides giving the land contributed liberally for the making of the street & he said it was in the hands of the council to give them substantial justice by altering the assessment as the present one was simply inequitable.

Mr. H. Hutchinson added that the council could refuse to accept the assessment, and that when the petition for opening the road was presented they had got the best men they could, men of experience and integrity who did not

...
5th May 1890, accosted Mr. Smith to this work and that at the time of the opening of Sand's Katharine, street, which was a similar case to this, there had been many which might have been considered private nuisances, but that the council had really no power over the proceedings after the placing of same in the hands of the commissioners, who have more extensive powers.

Mr. Cross said that he did not agree with Mr. Plutarch, but that the council, in accordance with article 38 of 44 Vic. Chap. 73, had the power to correct any injustice and unfairness.

The Secretary then read Mr. Dunlop's letter of the 26th April 1890, relating to the opening of St. Luke's St. in which he said the council had only power to alter the original plans.

Mr. Brown said that he did not agree.

Mr. Bowie said that the council had no right to open at all under section 37 of Chap. 40 of Vic. and had no power to declare same more than a local improvement if thought they had to follow Section 37 and not Section 44.

A proprietor present expressed that the best way would be to re-open the whole proceedings.

Mr. Stanley said that the estate he was interested in had given both land and money to make the street, but that he considered the present opening nothing more than a private speculation, and that the owners were well aware of it.

The Mayor then said that he was

Mr. Rae stated that he would rather leave the River Road open and
have done all in his power to prevent
same, but that the council could not
allow such a thing, as he considered it
would have been a great injustice to
the municipality to have allowed the
amendment to have been made.

Mr. Rae in reply remarked that
what he had already pointed out the
River Road had fought the line with
the line homologated and should have
waited until other causes than private
ones made the opening imperative.

Mr. Marchant for the amending
requested to have the evidence of Messrs. Raymond
and Ronin sworn.

Mr. Raymond being sworn deposed that
he knew the property that was to be opened
from the city limits to Queen Avenue, that in
his opinion the amending derived no benefit from
the portion that was at present to be opened
because the street was not fully opened and
only let to the Green Belt grounds he
considered the assessment extravagant. A reasonable
assessment would be about 1/10 of the amount
they are at present to continue.

Mr. Joseph Ronin, notary, being sworn
deposed that he knew the property in question
and from experience and knowledge he
considered the assessment exaggerated and that
in his opinion 1/10 of the amount they
are now assessed at would be sufficient.

Moved by Councillor McEachern
Second by Mr. McEachern
That the consideration of the report
of
5th May 1890

of the commissioners for determining the extent of territory over which the assessment shall be levied to meet the cost of the extension of Western Avenue be continued till the general meeting in June next.

Carried.

The secretary was instructed to see

New Commissioner for Dunlop to endeavour to have the new commissioner in place of the late Mr. Douglas Rutherford appointed as soon as possible.

The secretary reports that the Rep. Jan 17th 1893 Rep. Jan 22nd 1893 has been duly promulgated.

Messrs. Massy, Howard & Magee's report

Debentures for Improvements

Councils A. L. Hutchison reported that the Drainage Committee met on Friday last and went over the By-Law with the Solicitor who took it to make the necessary corrections.

With respect to the connection through the Glen Road the Committee thought it desirable to have an informal meeting with the Proprietors to endeavor to try if an amicable arrangement could not be arrived at without the expense and time of arbitration proceedings. They had an interview with these and a definite offer which they are not prepared to disclose until they had an opportunity of conferring with the others.

Councilors A. L. Hutchison and W. Evans waited on the road Committee and asked if the City would do the work connecting the drain at the junction between Avenue and Quibba Street. This they agreed to recommend but they asked to have a resolution of the Council providing to pay the expenses.

In conversation your committee was informed that the connection with the intercatching sewer could not be made this year. The By-Law on Drainage was then read and the amendment noted and referred back to the committee and Solicitor.

It was suggested that the Debentures for improvements be issued to run forty years at four per cent interest.

$250,000 to be applied for Drainage.

Dear Sir,

I herewith submit the analyses of the eleven samples of milk submitted to me last Thursday.

The samples were all trace and the pans in which the samples were collected were apparently clean and new.

The annexed page contains the list of samples and the results obtained in tabular form.

The specific gravities were taken at 10.0 C. and the results from these are based on the results of the analysis as a whole.

Of the above samples of milk, the sample marked "Salt diluted" gives strong indications of being very markedly skimmed. While the sample marked "McDonald" is very probably diluted with water.

All the others are about what the average Canadian supply is. So far as physical qualities are concerned, there was nothing about any of the samples to indicate Centrex or purely two-lots or its part of it with by-products.
I should advise another analysis to be made during the summer. I remain your

To Health Officers of the Board of Health, Coli et Acetiecin.

Dear Sir,

I beg to submit the following report on the samples of water collected June 20th, 1890. These samples were obtained from wells and springs in general use or from sources of supply such as would be typical of water used by the inhabitants of the municipality.

Of the eight samples analyzed, only one could be said to be a dangerous well and, excluding this well, viz the well in the field west of Victoria Ave., the various springs and wells of the town are of a very high standard of purity.

The above mentioned well receives surface water or there is a very porous stratum through which surface water finds its way into it. As the water was very high in the well at the time of taking the sample, it would be very advisable to have it again examined in August when the subsoil water is low. If it
be then found to be pure. Its present contaminated condition might be explained by the entrance of surface water from the field and this prevented by suitable banking.

The sample of Cistern water examined is as good as could be expected and where the higher land about is populated this source of water supply is safer than wells.

Rain water is a very pure form of water & may be kept pure if all short showers especially in summer and the first of all rain storms be excluded from the cistern, as then contains the washings of the air and roof.

All the spring water examined was of a high grade of purity. The spring in the cellar of the Balmer's house shown but a trace of ammonia too high, this is due to the locality of the spring by beneath a house. The absence of urine shows a trace of Alluminous ammonia (i.e. of ammonia derived from organic matter in the water) thus the water to be safe and pure enough for all purposes.

Appendix is a tabulated synopsis of the analytical results: R. S. Rutten 1877.

Present A. C. Hutchinson, Chairman—John Macfarlane, Mayor, M. Hutchinson
Mr. A. C. Hutchinson reported that he had seen Mr. St. George the City Surveyor today who informed him that there would be no meeting of the City Council until after the holidays and that it would probably be some six weeks before he could get an appropriation to proceed with the construction of the drains on Alwater Avenue from the end of the intercepting sewer to the limits of the City on St. Catherine Street as asked for by Resolution of the council of Cato St. Antoine at the meeting held on the 22nd instant.
He suggests that he could proceed with the work at once if the Town of Cato St. Antoine would pay the weekly pay rolls of the men engaged on the work or put men of their own upon the work under the supervision of a foreman appointed by the City.

On recommendation of the Committee
Resolved that the work be commenced as quickly as possible in accordance with the suggestion of Mr. St. George City Surveyor and as soon as the necessary financial arrangements can be made to meet the expenses incurred.

Mr. A. C. Hutchinson reported that he had instructed Mr. Howard (Engineer) to submit the plans of the Glen Roads to Mr. Shaughnessy and Civil Engineer.

It was on motion Resolved that the Solicitor be instructed to prepare the necessary By Law for grading Hallowell Street. Carried.

Opening of Belmont Avenue

The Petition re the opening of Belmont Avenue was laid before the Council and read. It was then moved by Councillor A.C. Hutchinson seconded by Councillor Thomas Lutton that the Proprietors fronting Belmont Avenue between Culse and Antwine road and the proposed Boulevard be informed that the Council are about to prepare a By Law for the widening of the Avenue to thirty six feet by taking three feet of the East side and thirty three feet of the west side of the present avenue Carried.

St. Catherine Street West

The Council after Consideration resolved that St. Catherine Street West be widened to sixty six feet. Accordingly, Councillor A.C. Hutchinson moved, seconded by Councillor J. C. Bulmer:

That the Solicitor be authorized to prepare a By Law for the Expropriation
of 251, 61, A 215, 62 A and parts of Sub-
divisions 63, 64, 65 of lot No. 215, for the
widening of St Catherine Street west to a
width of sixty six feet continuous with
the extension of St Catherine Street West
as provided for by By-law No. 4. Carried

Councillor A.C. Hutchison presented
draft of a proposition from Mr.
Wattman Keith & Co. to supply the Town
with water. In return for a twenty five
years franchise the company would lay
out the line at their own expense and
extend the system throughout the
Municipality, supply the water from a
Reservoir on the top of the Mountain.
The terms to Houses for 500 and under
50 p.c. of the present Montreal Water
Works prices. Furnish water for hydrants
for fire protection, washing streets,
flushing drains and several fountains
and sprinkling troughs at the rate of
$50 per hydrant. It was estimated
that 100 hydrants would cover the
whole Municipality. When the houses
supplied reached 1000 in number a
further reduction of 10 p.c. on the
original price estimate to be allowed.
Mr. Wattman being present answered
questions and gave explanations asked
by both Members of Council and proprie-
tors present. The scheme was considered a
very advantageous and desirable one and
the Committee requested to continue the
negotiations.
6 October 1890

Councillor A. C. Hutchinson moved, seconded by Councillor T. G. Bulmer—

That the Valuation Roll be amended and the same be duly homologated.

Line of Dorchester Street

The Council took into consideration the line of Dorchester Street, between the City limits and Greene Avenue, which they consider should be sixty feet (60) wide. The Secretary was instructed to have a plan prepared for the adopted effecting.

Appropriations 1890-91

The Finance Committee submitted a statement of the appropriations required for the year 1890-91. The consideration of which was deferred until the adopted effecting of Council to be held on Tuesday, the 25th inst.

Accompaniment—(On motion the Council adjourned till Tuesday, the 25th, at 3 o'clock P.M.)

Councillor A. C. Hutchinson asked the Valuators how they arrived at the Rental of Residential Properties having large areas of land attached to them—pointing out that it would be impossible to rent them to produce a yearly income of the figures given. We deduced in that the assessment with the Montreal Electric Light Co. specified that the Water supply was to be based on Rentas and therefore in justice to the owners the Rental of the House should only include an allowance of land to that such a House would require for its use and ordinary out-building.

The Valuators stated that when they made up the Roll they were not aware...
22nd October 1890

That the statement of Rates on would be required for any specific purpose and although they asked owners their estimate in many cases they got no reply, and where they were unable to get any information they averaged it at 4 per cent on the value of the property. Had they been aware of the water arrangement they would have made a division between residence and unoccupied lands.

constituting a quorum of said Council under the presidency of the Mayor.

Minutes of Meeting of 1st December and Minutes of Adjourned Meeting of 9th Dec. were read and confirmed.

Mr. W. W. Trumbull & Co. being present addressed the Council and asked in the matter of the ratepayers of the time for paying the taxes could not be extended for three weeks. The Mayor replied that the Council would be exceedingly glad to do so, but that he did not think that they had the power to do so under the Law.

The Secretary submitted a letter sent by the Solicitor including Submissions prepared in the Matter of Rates and was instructed to return it to Mr. Bridle.
and point out that their resolution of 1st December only contemplated the direct damage incurred by Mr. Banks having prepared his plans and commenced excavating before he was notified of the homologation of the line on Dorchester Street.

The Secretary Treasurer reported that as authorized he had discounted the note for five thousand (5,000) dollars with the Malboro Bank at twenty-one days date with right if necessary to renew.

Mr. Mason, Engineer being present reported the cost of the drains as follows:—

St. Catherine Street from Alvarado Avenue to 100 west of Greene Avenue 4 x 4 Circular
500 yards at $27.30

Elm Avenue from St. Catherine North 2 x 3 Brick 100 yards 6.62

Stuyvesant Street from Greene Avenue
St. Antoine and Hallowell built under the supervision of Mr. James Ferguson for the Town of St. Henri—775 ½ yards 11.20 per yard.

In St. Henri there remains a quantity of stone which can be used for macadamizing.

The Secretary read letter from Mr. Dunlop of 9th December relative to the award of contracts expressing his opinion that there were no grounds for delaying payment of same. The Secretary was therefore requested to bring to the next monthly meeting the Roll and resolutions necessary for the settlement of same.

The Secretary then read letter from the Solicitor dated 12th January regarding Hoosier or Halton Avenue, Belmont Avenue and Guertin & Balmer stating that all these cases were similar and hinge on the establishment of what is legally a dedication of a road. As recommended the Solicitor was authorized to answer Guertin, claiming the road in question is a public road.
3rd January 1891

Councillor Hutchison & Words report on upper Greene Avenue in the absence of Councillor Hutchison was held over for further consideration.

By Law re the widening of Wood Avenue from Sherbrooke Street to Wood Ave. High Shirt was enlarged to next meeting.

A Series of Police Regulations was read and held over till next monthly meeting.

Councillor J. E. Bulmer moved
Seconded by Councillor G. Paton
That it be the duty of the Police to take charge of the Reels & hoses, to keep them in proper order and use them when required, also to keep and see that the hydrants are in a condition to be used when necessary. Carried.

By Laws 9, 10 & 11

The Secretary read the Dunlop Letter of 16th Dec. re By Laws 9, 10, 11 viz (9) Cate St. Anthony Road to Churchill Avenue
(10) Greene from St. Catherine Street to Cate St. Anthony Road.
(11) Luke Street from Wood to Cate limit.

The Council recommend that likewise H. Bulmer, Joseph Rielle and F. J. McWatt having a thorough knowledge of the Municipality and interests of all parties concerned he submitted for the approval of the Judges as Commission for Hill.
January 1891

Proceedings in Hallowell Street. Read Mr. Dunlops letter of 1st Dec., detailing proceedings and interviews with the Railway Company.

The Secretary read a letter from a number of Proprietors on Cole St. Antoine Road in reply to the Circular sent them respecting the proposed widening of Cole St. Antoine Road from Churchill to the Western limits of the Town. The majority being strongly against it, the matter was allowed to drop.

The Secretary presented a Protest Contract. Made at the request of Mr. C. T. Mage on Glen Road Contract and his reply. The matter was referred to the Solicitor with copy of contract to protect the interests of the Corporation.

Mr. Mage asked, a return of the $300 accompanying his tender. Refer to Drainage Committee.

The Secretary presented a Protest on Drainage made at the request of Mr. de Bellefeuille on St. Catherine Street in front of his buildings. The drainage being completed since receipt of protest no action was considered necessary.

Mr. Vanier's statement re St. Henri connections.
Drainage Committee was referred to the Drainage Committee and Engineer.

The Report of the Medical Health Officers dated 1st January was read and approved.

M. Messenger

M. Letter re. 22nd December respecting the supervision of the Drainage Works and liability in respect to accidents was read and referred to the Drainage Committee, some of the Points the Council considered required serious consideration.

The Secretary Recorder read notarial notification by Mr. Beeton on title matter of the sale of the Lots 2 & 3 Antoine Water co.

The Honorable Bellem and Electric Company under No. 1671, which latter Company have hereafter the supply of the Town and inhabitants with water as per terms and agreement there of.

The Secretary presents the following letter from the Treasurer:

Montreal 8 January 1891

Dear Sir,

After notification from Mr. Anderson by Mr. Robertson, Kawood and co. of 600 feet of water and by Mr. Elleott, 500 feet of water of which we have to recommend

That the valuation of their property be each reduced to $300 and we hope

That this may be in order.

Yours Truly, A. H. Elwood

Hugh Beckman

E. D. Wood
Glen Roads

The Mayor Mr. MacFarlane submitted the following report:

On the 9th day of January 1891, the undersigned John MacFarlane, Mayor of the town, and John Develope, Solicitor of the town, with Mr. Howard, Level Engineer, went upon Mr. Shaughnessy, and Yul, Manager of the Canadian Pacific Railway at his office in the city of Montreal, with a view of ascertaining whether Mr. Berton, the Engineer of the CPR had examined the plans of the proposed bridge over the Glen Roads, but Mr. Shaughnessy was unable to find the plans and made an appointment with Mr. Howard to meet him the following morning, which Mr. Howard did and subsequently telephoned to Mr. John Develope that the plans were lost and that although diligent search had been made for them that morning they could not be found, and that he felt Howard was going to prepare others to replace them.

The present position of the matter is this - that the Canadian P.R. positively refuse to allow the contractor to go on with the construction of the Glen Roads until a contract is signed by the Railway Co. and the municipality embodying the foundation wall, which the proposal is to be constructed
and the price. The Canadian P. R. to be

diverse for the right of way.

Estimates of the cost of the two schemes

proposed by the corporation and plans of

the bridge were submitted but the

MacGregor, though he would be able to suggest modifications

which might decrease the cost to be

borne by the municipality

in favour of an aqueduct of the

Glascolaeante, etc. McRae, and

said it would not be necessary to

carry out the plan as agreed upon at once, or for some years

as might be mutually agreed upon

and in that case he would be

willing to favourably consider

a plan to enable the proposed

road crossing to be used in the

meantime.

This of vital importance that

an arrangement should be made and the work continued.

At Vanaloro Letters

The council cannot make

any change in the Vanaloro

the Roll having been duly

Hypothecated and Homologated

in action. The council

adjourned.
