Subject: 45 Roxborough Ave. Demolition Application.

[REDACTED]

Thanks for sending us the note [REDACTED]. I found this notice a little odd considering this house was demolished on May of 2021, and given the site was fenced of for nearly 2 years prior to that. Then being rather confused and puzzled by this communique I went on your suggested information site address below stating from your letter that "relevant documents concerning this demolished can be found on the site below", to be completely empty. I am therefore even more confused.

<https://westmount.org/en/demolishen-demand/>

I will therefore be attending your session on May 5th to find out what is going on with this project and moreover with Westmount permitting and consultation. We have been sitting next to this construction site over nearly 3 years and appreciate to get some clear answers.
