Subject: 1 Murray demolition

We support the demolition of this old, mold infested garage. We think integrating a garage into the home will be a major improvement in the overall look of the property.

Hello,

[REDACTED] -

1 Murray, Westmount

I [REDACTED] saw that the city is proposing demolishing the old garage at 1 Murray in order to build a 2 car integrated garage into the house. I wanted to email you to let you know i strongly support the demolition. The renovation will only improve the look of the home and the street.

Subject: Support of demolition plan - 1 Murray

Good evening,

[REDACTED] I have seen the following posting for demolition:

https://westmount.org/wp-content/uploads/2022/03/20220315_presentation_1Murray_versionweb.pdf

I support the demolition plan, as it would remove an old deteriorated building, improving the facade of the home and the street.

Best regards

[REDACTED]
